XXVIth YEAR.] THE [No. 1308]

MARYLAND GAZETTE.

THURSDAY, OCTOBER 4, 1770.

LONDON, *July* 3.

WE are confidently informed, that a Majority of a certain Board are actually for uſing coercive Meaſures with the American Colonies, vindicating their Opinion upon this Plan, that if any farther Conceſſions are made to the Americans, the Sovereignty of Great-Britain over theſe Provinces may as well be given up.

July 10. A Correſpondent informs us, that it is now an abſolute Determination in the Cabinet, to take the CHARTER from the Town of Boſton, and to purſue very vigorous Meaſures with the Americans.

July 11. It is ſaid poſitive Orders have lately been tranſmitted to the Commanders of the ſeveral Men of War on the North-American Station, to be extremely vigilant in their Duty againſt Smugglers, and to ſeize all ſuch Goods and Merchandize, which by the Laws of Trade ought to be exported directly from Great-Britain to the Colonies.

The following Appointments are ſaid will take Place, if L——d C——m agrees to the Propoſals lately ſubmitted to his Conſideration, as Part of a new Miniſtry, founded on a Coalition of Parties.

Lord High Chancellor, Lord C——n.
The Seals to remain in the preſent Commiſſion.
Firſt Lord of the Treaſury, Mr. G. G——lle.
Principal Secretary for the Southern Department, D—— of R——d.
Privy Seal, Lord T——e.
Chancellor of the Exchequer, Lord N——th.
Lord Chamberlain to the King, D— of G——n.
Lord Chamberlain to the Queen, Lord H——x.
Firſt Lord of the Admiralty, Lord E——t.
Sir Edward H——e, an Engliſh Peerage.
Lord Steward, Lord Talbot.
Lord-Lieutenant of Ireland, D— of N——d.
Commander in Chief of the Forces, the M——s of G——y.
General Conway to remain Maſter of the Ordinance.
Maſter of Horſe, Lord B——e.

And it is further ſaid, that a Diſtribution of the inferior Places and Offices is to reſt in the Hands of Three of the principal Leaders.

July 12. The late Election of the Two new Members for London and Weſtminſter, ought to ſerve as a Pattern for all the other Boroughs and Counties in the Kingdom. Middleſex, indeed, firſt ſet the bright Example of chooſing Repreſentatives that ſhould be moſt acceptable to abundantly the Majority of Conſtituents, unawed either by the Influence or Proximity of a Court. London and Weſtminſter, by chooſing theirs entirely free from Expence, have been the Firſt to ſtem the amazing Torrent of Corruption, that had broke in upon us. May the glorious Precedent ſpread, and England know that if they would be a *free* People, they muſt ſhow themſelves to be *uncorrupted*.

We hear that the Earl of Chatham has declared he will join no Adminiſtration without the Concurrence of the Duke of R—h——d, Earl Temple, and Lord Camden.

It is ſaid that the Earl of N——n has refuſed the Seals, but ſtrongly recommended the Reſtoration of Lord Camden.

July 13. It is confidently aſſerted, that Sir Edward Hawke will ſoon reſign.

We hear that a certain naval Commander has declared he will refuſe a Peerage, unleſs it be conferred on him without the Expence of Fees, &c.

We hear that Col. Luttrell has got the Reverſion of Lord Belvidere's Place in Ireland, which is Muſter Maſter General of the Forces there. Laſt Winter the Duke of Graſton ſaid in the Houſe of Lords, that in the Middleſex Affair Luttrell had acted conſcientiouſly, without any Expectation of Reward; yet no ſooner was there a Vacancy in the King's Aid-de Camps (by Colonel Ligonier ſucceeding to the Title of Lord Ligonier) than he applied to be appointed. The King was diſpoſed to make him one, as he wanted to have Luttrell about his Perſon, but the Miniſtry were afraid of this Step, and contrived the above Reverſion in lieu.

It has been calculated that Great-Britain ſuſtains a Loſs of One Thouſand Guineas per Day, excluſive of Government Duties, while this Nation continues at Variance with her American Colonies.

July 14. We hear that the preſent Miniſtry greatly oppoſe the Plan of Accommodation offered by the Earl of Northington.

The Dutch Squadron, which ſailed ſome Time ago from the Texel for Algiers, (having ſettled Matters with them) is now cruizing in the Mediterranean, to watch the Motions of the different Maritime Powers.

WHITEHALL, *July* 14. His Majeſty has been graciouſly pleaſed to direct, that the Iſland of Dominica ſhould be erected into a Government ſeparate from, and independent of, the General Government of the Southern Caribbee Iſlands, of which it before made a Part: And to appoint Sir William Young, Bart. to be Captain General and Governor in Chief of the ſaid Iſland of Dominica.

July 16. The Appointment of a Lord Chancellor, in a very ſhort Time, is now talked of with the greateſt Confidence; and it is now become not only a Meaſure of Inclination, but of Neceſſity alſo.

The Reaſon ſuggeſted for the above Appointment ſpeedily taking Place, and what indeed ſeems a very forcible One, is, that the neceſſary Attendance on the Seals interferes too much with the Buſineſs of the Lords Commiſſioners in the other Courts of Juſtice.

It is certain, whatever may be reported of ſome late Negociation, that Lord North has complained for ſome Time the Weight of Affairs has increaſed ſo much on him lately, that he is weary of ſupporting the State Burthen; and as his Colleagues afford him ſo little Aſſiſtance, unleſs he has ſome Perſon of real Ability joined with him to ſhare the Load of Buſineſs, he will not ſupport it longer.

We hear that a very prudent Piece of Advice has been lately offered to a certain Marine Board, and is at preſent ſaid to be under Contemplation.

The above relates to the following Queſtion, which it is ſaid was propounded from a very high Quarter: Whether it would not be at this Time adviſeable to diſperſe on the Seas ſmall Squadrons of Ships of War, as Hoſtilities are apprehended to be the Intention of certain Foreign and Potent Powers? And the Reaſons urged to enforce the Propriety and even Neceſſity of the Meaſures are theſe, that thereby a ſufficient and ſpeedy Protection would be afforded our trading Veſſels, and at the ſame Time the Opportunity of taking or deſtroying thoſe of our Enemies, that in Caſe of an open Declaration of War, by the Union of ſome of theſe detached Squadrons, a formidable Fleet might ſoon be collected; and that, above all, the Ships Complement of Men would be inured to ſervice, and made more apt and ready in the Working and Management of the Veſſel, than they could otherwiſe, if taken from Shore and immediately ſent on a Voyage or Enterprize, poſſibly be.

Orders are given for ſending Two Years Proviſions to the Garriſons of Gibraltar and Minorca, that they may not be in want, if at any Time a Communication ſhould be ſhut up by Sea or Land.

A Treaty of Alliance between the Courts of Madrid, Verſailles, and the States-General, is finally concluded.

A ſpirited Memorial has lately been tranſmitted to Verſailles from the Republic of Genoa.

July 17. We are well informed, that the Diſputes with the Americans, are now actually in a Train of Accommodation, to the Satisfaction of both Parties.

A Meeting of the principal American Merchants, will be held on Thurſday next, at the King's Arms Tavern, in Cornhill, on Affairs highly intereſting to Great-Britain and the Colonies.

July 18. It is ſaid, that the pecuniary Appointments of his Majeſty's American Governors will be raiſed.

The Removals in the Miniſtry were determined Yeſterday. It will not be ſo meek a Coalition of Parties as was ſuppoſed, nor will it be ſo popular a one as many wiſh.

It was reported on Monday Night, that Lord C——m has abſolutely refuſed to liſten to any Propoſals for his accepting a Share in Adminiſtration, but upon the old Terms——*to have it all his own Way*.

July 20. It is reported that Major Rogers has obtained the Command of a Regiment in the Service of the honourable Eaſt-India Company.

Yeſterday Capt. Gambier ſet out for Portſmouth, in order to ſail for his Station on the Coaſt of New-England, &c. to which Command he was lately appointed.

July 23. According to Letters from the Frontiers of Wallachia, the grand Turkiſh Army, conſiſting of 130,000 Men, commanded by the Grand Vizir in Perſon, having under him the famous Moldavangi Pacha, is in full March to Bender; and Ibraham Pacha, at the Head of 27,000 Men, is directing his March towards Choczim and the Nieſter; whilſt a large Corps of European Militia, reinforced by 20,000 Tartars, is to act on the Side of the Ukraine.

It is aſſerted at the Weſt End of the Town, that if a Change in Adminiſtration takes Place, Lord Henley, Son to Lord North ngton, will aſſume a high Office.

It was confidently ſaid on Friday Night, that Sir Edward Hawke had b[illegible] Leave to reſign.

If Sir Edward Haw[illegible]ld reſign, Lord Egmont is certainly pitched upon to be his Succeſſor at the Head of the Admiralty.

The intended miniſterial Arrangements ſtill continue unſettled, and undetermined; thoſe who are in, requiring enormous Penſions at going out, while none can be found willing to occupy their Room, without a Liberty of nominating their Friends to Places and Emoluments, which in the preſent Diſpoſition of Things, and the exhauſted State of the Treaſury, cannot be complied with.

It is reported that the Jury, in a late Cauſe, would have given much greater Damages, but that they were apprehenſive the Publick muſt provide for them.

July 24. Lord Hillſborough is preparing to ſet out for Ireland on his private Affairs. His Lordſhip's ſtay in that Kingdom, it is expected, will be Two Months at leaſt; during which Time the American Affairs will, of Courſe, be at a Stand.

It is ſaid, that the Right Hon. the Earl of Northington has recommended a Mode of Adminiſtration that will entirely conciliate the preſent Diſſenſions between all Parties, and that it is now under the Conſideration of a great Perſonage.

It is confidently ſaid, that Two Regiments of Foot will ſhortly be ſent from Ireland to America, in order to defend the back Settlements, and preſerve the Inhabitants from the Cruelties which they frequently experience from the ſavage Indians. One of the Regiments is to be ſtationed at Fort Charters, the other to be, one Half ſtationed at Fort Pitt, and the Remainder at Detroit.

July 25. It is ſaid Sir Francis Bernard will ſoon embark in order to return to his Government of Maſſachuſetts-Bay.

It is currently reported, that ſome Regiments of Infantry will ſpeedily be embarked, to reinforce General Gage in North-America.

By Letters from New-York, received on Monday, we hear that "the Inhabitants of that Place, are now come to a Reſolution of receiving all Imports from England, that are not liable to Taxation, provided the Boſtonians will concur in the ſame Meaſure."

Notwithſtanding the Countenance and Support a certain great Perſon gives the preſent Miniſtry againſt all Oppoſition, it is a known Fact, that he has publickly declared his Averſion to many Meaſures purſued by them.

The common Buſineſs of America, in the Abſence of Lord Hillſborough, will devolve on a Gentleman belonging to the Plantation-Office, who is to have the Advice and Aſſiſtance of Governor B——d.

July 26. It is generally believed that the ſeeming Miſunderſtanding between the Duke of G——, and Lord N——, is merely political, and intended to divide the Leaders in the Oppoſition, in order to carry the intended Meaſures of Government, particularly with reſpect to America, into Execution, with the greater Facility.

This Day a Board of Trade and Plantations is appointed to be held at the Plantation Office.

It is now certain that the Balance of Trade begins to be in favour of the North Americans, and that their Exports exceed their Imports by many Thouſands annually.

The Ruſſian War has cauſed ſo great a Demand for ſeveral Branches of our Manufactures, which uſed to be in Demand for America, that the Manufacturers have not yet felt the Want of the American Trade ſo ſeverely as they otherwiſe would have felt it, had there been no ſuch War. The landed Gentlemen will, however, ſoon be made ſenſible of the Loſs of the Corn Trade, if that Trade is ſuffered long to continue in another Channel.

Letters from Leghorn mention, that Admiral Elphinſton had engaged the Turkiſh Fleet, and that the latter was entirely deſtroyed.

Parliament will certainly meet either the 6th or 9th of November next; and the Reaſon of this early (tho' in fact but proper Time of) meeting, is the Neceſſity of bringing the Affairs of America under the Conſideration of Parliament: For by a Reſolution which the Council have come to, the Miniſtry can take no farSteps without the Aid of Parliament. The Subſtance of the Reſolution is, "That the Boſtonians have *forfeited* their Charter:" and therefore, to ſupport this Reſolution, Parliament muſt take away the Charter.

It is reported that the Board of Cuſtoms will be removed from North America.

July 27. It is ſaid that the Board of Trade and Plantations which was to be held Yeſterday, was to take into Conſideration the Merits of the People who have been moſt inſtrumental in bringing the Non-importation Aſſociations to a proper Senſe of their own and their Country's Intereſt.

We hear that the above Meeting is by an Order of C——l, to whom they are to return a full and explicit Account.

We are aſſured, notwithſtanding any Reports to the contrary, that there will not be the leaſt Change in any Part of the Adminiſtration, during the Receſs of Parliament.

We are credibly informed, that the Miniſterial Party are at preſent greatly divided with regard to the Meaſures intended to be adopted in American Affairs, but it is ſaid, a Majority ſtill remains in Favour of lenient Proceedings with the Coloniſts.

It was Yeſterday reported in this City, that the Turks had made a formal Propoſal of Peace to the Empreſs of Ruſſia, which was rejected.

Perhaps no Man living has been ſo honoured and diſgraced, in a very few Years, as John Wilkes, Eſq;—proſecuted—wounded—expelled—outlawed—Outlawry reverſed—impriſoned—repeatedly choſen Member for the firſt County—rejected—choſen Alderman of London—and at length Maſter of one of the largeſt Companies in that City.

Several Schemes have lately been preſented to a great Perſonage by ſome ſtaunch Friends to the Americans, in order to effect a laſting Union between Great-Britain and her Colonies, one of which has met with the higheſt Approbation.

July 28. General Paoli pays his Reſpects at Court, and at the ſame Time is much careſſed by the Minority.——This ſhews that a Foreigner may live in England eſteemed by both Parties, but declaring for neither.

Richard Oliver, Eſq; Alderman of Billingſgate-Ward, in the Room of the late Lord Mayor, is alſo choſe Member of Parliament for this City, without Oppoſition.

July 30. Lords North and Hillſborough had a long Conference laſt Friday with his Majeſty relative to American Affairs.

July 31. It is certain that ſome vigorous Meaſures have been reſolved upon to bring the Boſtonians to Reaſon, and that Commodore Gambier has Orders to carry a Naval Force before Boſton, to try what Effect their Appearance will produce before the next Meeting of Parliament, which will certainly ſit ſome Time in November, for the Diſpatch of Buſineſs.

Auguſt 2. Some Letters from Conſtantinople mention that it is the general Opinion, the Fate of the Grand Vizir, if not that of the Sultan himſelf, depends upon the Succeſs of the firſt Engagment between the Turkiſh and Ruſſian Fleets, as ſhould their Navy be once beaten, there are little Hopes of ſaving the Imperial City from the Plunder of the Enemy.

Extract of a Letter from Portſmouth, July 28.

"I imagine you have already heard of the melancholy News of his Majeſty's Dock-Yard being wilfully ſet on Fire by ſome incendiary Villains, who took the Opportunity to execute their wicked Deſign whilſt the People were at Port-Down Fair, as there were ſeveral Cartridges of Powder found at the End of the long Store-Houſe, now in Flames. The combuſtible Matter muſt have been laid in the Evening, as the Smoke was perceived by ſeveral at a great Diſtance from Porcheſter, and as far as the Mother-Bank. The Men on board the Cuſtom-Houſe Cutter ſaw a great Smoke (through a Spy-Glaſs) in Four different Places in the Dock-Yard, about Three o'Clock in the Morning; they took it to be a Ship breaming it: It was not diſcovered till near about 5 o'Clock, which was by the Centinel near the Place, who perceived it to burſt out vehemently thro' the Roof. The Damage, according to a near Eſtimation, is about 160 Cables of different Sorts; all the Boatſwains and Carpenters Stores in good Conditions; alſo 300 Tons of Hemp, and the like Number of Barrels of Tar, Pitch, and Turpentine; ſlop and marine Cloathing miſſing or loſt; the laying and ſpinning Houſes, long Store Houſes, new Hemp-Houſe, Block, Carpenters-Shop, Glaziers, Braziers, and Plumbers-Shops; the large Maſt-Houſe near the Academy, the Capital Maſts laid therein, with about Half of the Sails in the Store-Houſes, are entirely conſumed. A Servant-Maid in the Dock-Yard, who was looking out of a Window about Four o'Clock, was perceived by ſome Perſons, who accoſted her with ſaying, you had better go to Bed than riſe, for ſoon you will have a fine Light to get up by, and then went off, ſaying to themſelves, it is almoſt Time to give an Alarm. Our good Friends now may rejoice, as they have ſucceeded in this. And I now believe (as well as others) that it was ſet on fire Ten Years ago this Month, in like Manner, though the Conflagration was then not half ſo large as now. It is a diſmal Sight to behold; and more ſo as the Common was near meeting the ſame Fate: If that had happened, the next would have been the Gun-Wharf, and then the Garriſon (which is not well garriſoned, though it is the Key of our Iſle) the ſtrongeſt in the Kingdom. God ſend the Perpetrators may meet the Reward they juſtly deſerve for ſo diabolical an Execution.

Three Things make it more than probable the Fire at Portſmouth was a deſigned one. The Firſt is, that it was exactly at low Water. A Second, that more Foreigners had been there of late, than ever were known before. And a Third, that Col. Faucett had a Suſpicion of the Kind ſome Weeks ſince, and wrote accordingly, when his Intelligence was unnoticed.

ANNAPOLIS, October 4.

At a Special Court held here on Monday laſt, *John Boſwell* and *Francis Chance* were tried, for breaking open the Dwelling-Houſe of *Daniel of St. Thomas Jenifer*, Eſq; and ſtealing from thence, Plate, and ſundry other Articles to a conſiderable Value, of which they were both found guilty, and the next Day received Sentence of Death.

Nor do I the leaſt doubt your giving the utmoſt Attention to the Buſineſs of the Seſſion, or your Inclinations to bring the ſame to an happy Concluſion. ROBERT EDEN.

To his Excellency

ROBERT EDEN, Eſq;

Governor and Commander in Chief in and over the Province of *Maryland*,

The humble ADDRESS of the Houſe of Delegates.

May it pleaſe your Excellency,

WE, his Majeſty's moſt dutiful and loyal Subjects, the Delegates of the Freemen of *Maryland*, in General Aſſembly convened, return your Excellency our Thanks for your Speech at the Opening of this Seſſion, and the Aſſurance you have been pleaſed to give us, that the Sanction of your Authority ſhall be given with the utmoſt Alacrity and Satisfaction, to all Regulations moſt conducive to the Proſperity of the Province.

EDWARD TILGHMAN, Speaker.

To which his Excellency *was pleaſed to return the following* ANSWER:

Gentlemen of the Lower Houſe of Aſſembly,

MY ſincereſt Thanks are due to you for your obliging Addreſs. Your immediate Attention to fix a Time for conſidering the Matters recommended to you, ſhews the Zeal of your Inclinations for diſpatching the publick Buſineſs. ROBERT EDEN.

To the PUBLICK.

Annapolis, October 1, 1770.

A WELL regulated Theatre has been allowed by Men of liberal Sentiments, in all Ages, and in all Countries, where the *polite Arts* have been cheriſhed, to be a noble Inſtitution; *calculated*, according to Addiſon, *for the Improvement and Refinement of human Society*; to be the moſt rational Entertainment an enlarged Mind can enjoy; and of the utmoſt Utility to the Commonwealth, by poliſhing the Manners, and forming the Taſte of the People.

The Encouragement that the Ladies and Gentlemen of *Maryland* have always given to Theatrical Repreſentations, and the Approbation that has attended the Performances of the *American* Company, though under every Diſadvantage from the Situation, Size, and aukward Conſtruction of the Houſe, induce Mr. *Douglaſs* to imagine, that if a commodious Theatre was erected in a convenient Part of the City of *Annapolis*, a decent Company, and he flatters himſelf his Friends are not too partial when they pronounce the preſent to be ſuch, might, for about Six Weeks every Year, including the Autumnal Provincial Court and Races, be reſorted to by ſufficient Audiences, to ſtimulate them to a grateful Exertion of their Faculties for the Entertainment of the Publick, whoſe Favours this Seaſon they acknowledge to have been infinitely ſuperior to their Expectations.

But as the Expence of building a Theatre would be more than the Company could poſſibly pay out of the Receipts of One Seaſon, after deducting the incidental nightly Charge, and allowing the Performers a moderate Support; Mr. *Douglaſs*, urged by a Number of his Friends, begs Leave to ſolicit the Aſſiſtance of the Publick to a Scheme, which will enable him effectually to carry the Deſign into Execution, and at the ſame Time will not be very diſadvantageous to the Ladies and Gentlemen, whoſe publick Spirit, and Taſte for the rational Entertainments of the Stage, may lead them to patroniſe the Undertaking.

It is propoſed, then, to deliver to any Lady or Gentleman, ſubſcribing Five Pounds or upwards, the Value of their reſpective Sums in Tickets; One Half of which will be admitted the firſt Seaſon, and the Remainder the Seaſon following: The Money to be depoſited with *William Paca* and *Samuel Chaſe*, Eſqrs. of the City of *Annapolis*, and the Land conveyed to them in Truſt for the Subſcribers, until the Houſe is built, and this Propoſal be fully complied with on the Part of the Company.

Copies of this Addreſs will be circulated in the different Counties, and as ſoon as a ſufficient Sum, not exceeding £. 600, is ſubſcribed, the Tickets will be made out, ſigned by Mr. *Douglaſs*, and delivered; when it is hoped the Money will be paid, that Materials may be collected in Time, and an Engagement entered into with a Builder, to compleat the Theatre for the next Seaſon.

*** Subſcriptions are taken in at Mr. *Colin Campbell*'s Store, at the Printing-Office, at Mr. *Cornelius Garretſon*'s, and at Mr. *Whetcroft*'s.

Annapolis, October 3, 1770.

Charles County, *September* 28, 1770.

THE Report ſet out by One *Matthew Sanders*, in the Publick Papers, dated *September* the 20th 1770, concerning my going over to *Virginia*, and taking his Negro Fellow off his Plantation, is falſe, and I can by ſeveral creditable Witneſſes prove it falſe, for I never was on his Plantation in my Life, neither do I know where he lives, only by Information. *John Sanders*, the Father of this arch Youth *Matthew*, ran-away to *Virginia*, and left me Security for him, for Four Thouſand Pounds of Tobacco, which I was obliged to pay; I ſhould have given him up to Court before he ran away, but this cunning young Fellow, promiſed me if I would ſtand Security for his Father 'til next Court, he would ſee I ſhould not ſuffer; upon this Promiſe I made myſelf content, which I found out when too late, this Promiſe was only to give his Father Time to make his Eſcape: He ran away in Court Week, and carried his Negro Fellow and the reſt of his Effects, and when he got to *Virginia*, he made over this Negro and the Reſt of his Effects to this Son *Matthew* of his, in ſome blind Manner I do ſuppoſe, to defraud his Creditors, and to keep them amongſt them. After they ran away, I got the beſt Advice I could, and they adviſed me to follow him, and bring him or his Effects back, which I did, and took his Negro Fellow which he carried with him, when he ran away, and would have brought him or the ſaid *John Sanders* back; but this honeſt Son of his was at his Fathers Houſe, and agreed to join as Security in a Bond with his Father, to ſee the Tobacco paid. Now in order to ſhow a little more Craft, he forewarned all Perſons from taking any Aſſignment of the ſaid Bond. I do intend to aſſign the Bond in the Clerks Office againſt the next Court, in order to get the Tobacco as ſoon as I can.

THE Subſcriber hereby acquaints the Publick, that he continues to teach, at his School at *Elk-Ridge Landing*, the following Branches of Learning, at the moſt reaſonable Rates; *viz.*

He alſo expects by the Spring Ships a Pair of Globes, and (if they come to Hand without Damage) he then intends to inſtruct ſuch of his Pupils (whoſe Knowledge in Trigonometry may render them capable of it) in the Uſe of them; which will be an agreeable, profitable, and Gentleman-like Employment.—He would willingly flatter himſelf, that his Plan will be generally approved of; but nevertheleſs, Directions from any Gentleman reſpecting his own Children ſhall be carefully attended to, and the utmoſt Endeavour ſhall be uſed to give Satisfaction in the Care of ſuch Children as ſhall be committed to the Tuition of
